JOSIAH TURNER, Jr., EDITOR.

The *Metropolitan Record* pitches into that vulgar, lying old huzzy, Harriet Beecher Stowe, in the following appropriate manner. We hope it will settle the hash of the infamous old hag and cause her, if such a thing be possible, to grow more odious and contemptible in the eyes of all decent and respectable people:

"Why don't Kennedy's Metropolitan police go right away about the streets, and sweep from the news stands the *muck* with which that highly exemplary member of the Puritanical Beecher family, Mrs. Harriet Beecher Stowe, has been stuffing the *Atlantic Monthly* for September, in the shape of a beastly story about the *amours* of Lord Byron with his own half-sister, Mrs. Leigh —a story which no man nor woman in his or her right senses will believe!

There is a statute, we believe, prohibiting, under heavy penalties, the publishing and vending of obscene literature of this description. It is no bar to the enforcement of that law, that the *Atlantic Monthly* is a "respectable" concern, and that it is the recognized organ of the *literati* of New England. Bad as Byron's morals may have been, we doubt whether they were any worse than the *miscegens* who have their headquarters at the "hub of the universe;" and hence, when the foul creatures seek to put money in their purse by seeking to blacken the memory of a man who has been in his grave these forty years or more, we say let the police seize their wares and and lock the manufacturers of them up.—There are men and women in the State prison and penitentiary to-day, whose offence is not so rank as that which this female New England novelist has committed against public morals and public decency, in retailing the beastly gossip which she says first came into her ears from the lips of the late Lady Byron.

We don't believe that allegation. We don't believe Lady Byron ever communicated to any member of the Beecher family the revolting "secret" with which the public are now nauseated. Mrs Stowe has been a mischievous romancer all her life; she deals in fiction and not in fact. She has not, and never had, any particular fancy for the truth. Her "Uncle Tom's Cabin" was a lie, and a monstrous lie throughout, but it did the devil's work in bringing on a civil war. We believe this Byron scandal is likewise a lie, but it will also do the devil's work in helping to demoralize and debauch the minds of the young, into whose hands its extensive republication in the daily newspapers all over the land will inevitably place it. Byron has written many indelicate things, but he never concocted or penned anything quite so nasty as this disgusting concoction of the Beecher family. Henceforth, let the name of *Stowe* be the synonym for *Smut*. Again we cry, police! police! police!

THE POPULATION OF THE GLOBE.

There are on the globe 1,288,000,000 of souls, of which

360,000,000 are of the Caucasian race.
552,000,000 are of the Mongol race.
190,000,000 are of the Ethiopian race.
176,000,000 are of the Malay race.
1,000,000 are of the Indo American race.

There are 3,642 languages spoken, and 1,000 different religions.

The yearly mortality of the globe is 333,333,333 persons. This is at the rate of 91,554 per day, 3,730 per hour, 62 per minute. So each pulsation of the heart marks the decease of some human creature.

The average of human life is 33 years.

One fourth of the population dies at or before the average of seven years.

One-half at or before 17 years.

Among 10,000 persons one arrives at the age of 100 years, one in 500 attain the age of 90, and one in 100 lives to the age of 60.

Married men live longer than single ones.

In 1,000 persons 95 marry, and more marriages occur in June and December than in any other months of the year.

One eighth of the whole population is military.

Professions exercise a great influence on longevity. In 1,000 individuals who arrive at the age of 40 years, 42 are priests, orators, or public speakers; 40 are agriculturists, 33 are workmen, 32 are soldiers or military employees, 29 advocates or engineers, 27 professors, and 24 doctors.

Those who devote their lives to the prolongation of that of others die the soonest.

There are 336,000,000 Christians.
There are 5,000,000 Israelites.
There are 60,000,000 Asiatic religionists.
There are 165 000,000 Mohommedans.
There are 300,000,000 Pagans.
In the Christian Churches:
170,000,000 profess the Roman Catholic.
75,000,000 profess the Greek Faith.
80,000,000 profess the Protestant.

The last number of the Paris *Monitear* contains the following romantic story:—Two ladies of the world, who pass the winter season at the watering places on the shores of the Mediterranean, were sailing, at 6 o'clock on the morning of May 15, the gorges of the Alps undulating toward the sea a few miles distant from Vintimilaga. Upon reaching the summit of the hill, on which are to be seen the ruins of a Roman castle, they stopped two peasant women and induced them by means of money to serve them as witnesses in a very important operation which they said they were about to execute. The two ladies next measured the ground. One of them placed herself with her back against the ruins of the Castle of Appins, and the other placed herself before her, at a distance of twenty steps. Each of the women then drew a pistol from under their cloaks. At the sight of these weapons, the women uttered piercing cries, and advanced with uplifted hands to prevent the Amazons from firing on one another. But two shots were discharged at the same moment. The poor peasant woman fell down while the ladies burst into laughter at seeing their witnesses on the ground piteously begging them not to kill them. The ladies then reloaded the pistols and took position in front of each other at a distance of fifteen steps. They were about to fire again when a third witness made his appearance. It was a priest. He emerged from behind the wall of the ancient castle. Startled by the reports of the pistols, he had hastened to the spot from the neighboring parsonage. He urged the two rivals to make up their quarrel, and succeeded in reconciling them. A love affair was at the bottom of the strange duel

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED,

AND THE NEW

UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE COGWHEELS, and the PATENT STOP, are now unquestionably far superior to any machine for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Susan Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price Washer $14, Extra Wringer $9 and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines, free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

Sold by dealers generally, to whom liberal discounts are made.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, SEPTEMBER 1, 1869.

NEW PARTY MOVEMENTS.

We had nothing to do with the formation of the present political organization in this State, known as the Democratic Conservative party; or, rather, we should say, we were not in the Convention and at the naming of the party. We once fought the Democracy, in the days of secession, as we now do, and have, fought the Radical Republicans, without giving or asking quarter. The Democracy overpowered us and we "accepted the situation," and perilled life and fortune and all, to whip Ladin, Abbott, Littlefield, Tourgee and the Federals, cheered by the pledges, and aided by the co-operation of Holden, Rodman, Cantwell, Barringer and others of that ilk, who promised to back us up with "the last man and the last dollar."

But the Federals overpowered us, and we again "accepted the situation." We have no great partiality for the name of Democrat or Republican. We shall never regret that we fought against both, for although we may not have been successful, it was an honest fight, and we shall always regret that we were unsuccessful in the fight with both.

But the Democracy, after their victory, did not undertake to degrade, disgrace and disfranchise us. Not so with the Republicans; they will never cease their efforts to degrade, disable and disfranchise all who may differ with them, however, honestly. There is no magnanimity in them, nor favor to be expected from them, unless a man will commit the last act of degradation by selling himself to them. Then, although your garments, like Rodman's, may smell strong of blood, and your treachery be engraved on secession parchment, like Holden's and Dick's, you become a saint, pure as Cantwell or Sinclair, and a co-heir with Barringer, Pool and Settle, of Radical salvation.

In a Republican government, parties become as despotic and intolerant as kings do in monarchies. Charles and Louis lost their heads and crowns because of their intolerance and oppression; but the intolerances of these despotic rulers was nothing to be compared to the intolerance and despotism of the Radical rulers in this Republic. Much is being said now of a reorganization of parties. If a new party is to be formed we don't wish it to be called "Mod cal Republican," or "Liberal Republican," given ions at all. A new name would potiv w zeal to the opponents of de- and where is no use in being perplexed name t about names. "What's in a smell as s by any other name would ization, then Under the present organ Democrat, cal ject to the name of It is a question emselves Conservative. to decide, whet National Democracy old name and organ will give up their or those who ... It would be scriptive, corrupt and the present proto consider the propriety ant dynasty, selves in a position, to fut ing themassuming an offensive, rath paigns, of forced into a defensive attit being last campaign, the Democratic p the forced into a continual fight in d was Blair's loyalty, in which its strength of a great degree wasted, instead of turned against the corruption and abus power by the party it opposed. The thin which has occurred may occur again; to what extent a *name* had anything to do with this, is a matter for consideration when the proper time arrives.

In regard to political affairs in our own State, we do not look upon the situation here as at all similar to the political situation of Virginia and Tennessee. In those States the people fought against disfranchising State Constitutions. Our Constitution does not disfranchise nor disqualify. We have universal suffrage, universal taxation, and partial, if not universal, humiliation; and now we want universal amnesty and the removal of all disabilities.

Many persons, from past experience and observation, despair of the removal of their disabilities, unless they become *qualified* Republicans, and hence we have "liberal," "moderate" and "conservative" Republicans. We think there is not much need of all this. The present party organization is becoming purer and more respectable as one after another of the *foul blotches* upon it slough off. Holden, Rodman, Settle, Watts and Dick are gone sometime since. More recently Cantwell, Hawkins, and Marcellus of Buncombe have slided. Let them go, and let those who remain retain their integrity and fight the plunderers and oppressors of our country.

North Carolina is divided into classes rather than parties. It is not so much Democratic and Republican as it is oppressor and oppressed—of plunderer and plundered.

The way before the people of our State is plain, honorable and safe. It is becoming apparent to all, white and colored, that the people of the State have been betrayed and deceived in every branch of their Government—Executive, Judicial and Legislative, and many of them have withdrawn, and many more will withdraw, the confidence they have heretofore placed in Radical professions.

Those who labor under political disabilities need not expect to have them removed; for there are plenty of young men in our midst who labor under no disabilities to fill State offices; let them be put forward, and eventually the base, dishonest, corrupt and proscriptive demagogues will be driven into their native obscurity or find their way by due course of law, to the State Penitentiary.

The hand writing is on the wall. Holden, Rodman, Pool, Tod Caldwell and the whole nest, are in it, and hence the movement now manifesting itself against carpet-baggers; the *Standard's* erection of a new platform, and the great anxiety manifested every where, by the Radicals, to get themselves on record as having always opposed proscription and favored moderation and amnesty. Stand to your posts, ye opposers of proscriptive Radicalism, the dawn is brightening, the day will soon break.

ARCHDEACONS CONSCIENCE.

It was once said of an old archdeacon that he could not afford to keep a conscience, any more than a poor man could a carriage. It strikes us that Governor Holden is in the predicament of the archdeacon; if he ever had any conscience he can't now afford to keep one. When the Governor is personally concerned, and he is never concerned except in questions which gratify his ambition or his averice, he never looks to see if it be right or wrong, black or white good or bad, he moves and labours "kills or makes alive" with a view to the gratification of his own passions, and objects. The Governor has made recently two appointments which go to show his complicity with the ring. Take these two appointments with the facts of his approval of the penitentiary swindle and his approval of the sale of the North Carolina Railroad Bonds at 65, and we can convict him before any impartial Jury, of giving "aid countenance and encouragement" to the Ring. The man who countenances the Ring can't afford to keep a conscience.

THE COLLEGE OF WILLIAM AND MARY IN VIRGINIA.

Among the many valuable Literary institutions with which our country is blessed, few have given greater impetus to the cause of education, or contributed more to the advancement of learning than that which forms the subject of this article.

Founded more than a century and a half ago, at a time when the country was in the earliest infancy of settlement, and when young men could ill afford to wear the student's gown, it has continued its career of prosperity and usefulness, giving to the country its most eminent statesmen, jurists, scholars and divines until the opening of the late civil war.

The oldest, save one, of all the Colleges in the United States, William and Mary, from its royal origin, its historic associations, its eminent Professors and distinguished graduates, has acquired a prestige in the republic of letters felt and acknowledged by all who are familiar with the history of learning in this country. Among her Chancellors we find the names of the Bishop of London, Geo. Washington and John Tyler.

It is much to be regretted that a full list of the Alumni cannot be made out; but imperfect as it is, it contains such names as Thomas Jefferson, James Monroe, John Tyler, John Marshall, Wm. C. Rives, Littleton W. Tazewell and Winfield Scott, foremost amongst the most distinguished in American history.

In later years, the reputation of this venerable seat of learning in the departments of Philosophy, Literature and Science, has been amply sustained under the direction of the late Thos. R. Dew, the late Judge N. Beverly Tucker, the Right Rev. John Johns, Bishop of Virginia, and their colleagues and successors, accomplished scholars and refined gentlemen, who by their teachings and examples have given new lustre to the fame of William and Mary. The opening scenes of the recent bloody drama were unfortunately laid almost within sight of the hallowed walls of this venerable Alma Mater; the peaceful voice of learning was hushed by the stern clangor of war, her halls were closed, and soon her Genius was for the *third time* driven by cruel flames from the edifices erected for her abode.—To day, however, a new and beautiful temple stands, reared upon the ruins of the old, an able and accomplished Faculty of six Professors has been appointed, and on the 13th of October next, her halls will be opened for the reception of students. Let the young men of North Carolina weigh well the claims of this celebrated Institution before going elsewhere. Let them send to President B. S. Ewell, at Williamsburg, for a circular, and they will find that the course of instruction as thorough and full, and that the expenses are reasonable.

THE STATE FAIR.

The following letter, Aug. 25, 1869.

EDITOR THE DEMOCRAT:—*Dear Sir:* ... an intimation in your last paper, that an unduly large number of the officers of the North Carolina Agricultural Society is from Wake county, and that only one resides West of Alamance County. Lest your statement may injure the Society, now convalescent after a long moribund condition, I beg you to allow me to make a short explanation.

When the Society was called together in March last, for re organization, it was found that the prospects were most gloomy. The Fair Grounds had been occupied by the military, Confederate and Federal, for barracks, encampments, hospitals and prisons, for eight years. Floral Hall had been torn down; the other buildings were in possession of numerous tenants of all descriptions. Not a vestige of the enclosure remained. The track for trotting was obliterated.—Even the title to the land had, by non-user, reverted to the City of Raleigh. Not a cent now in the Treasury. The last President was dead. Worse than all, the people generally appeared to have forgotten the institution.

Under these circumstances it was found impossible to resuscitate the Society so as to have a Fair during the coming Fall without having the principal officers residents of Raleigh.

As long as the Fair Grounds be located here, the Secretaries and Treasurer must reside here. And *for the first year*, while everything must be built up from the foundation, it was deemed best that the President and one Vice-President should be located on the spot. Hence Hon. D. M. Barringer and myself were elected. The President is *ex officio* Chairman of the Executive Committee, and on him is devolved the duty of appointing them. I at first named a considerable number living in different parts of the State. I found that few could leave their business and spend their time and money by frequently coming to Raleigh. Some resigned. Experience taught me that the Executive Committee should be a *working body*. They must often be called together on short notice. After suffering much for want of a quorum, I concluded to appoint some energetic, hard working Raleigh men. If you had been in my place you would have done the same, as a matter of necessity.

We have done some good work—more than many thought possible. We have secured title to the land. We have raised in Wake alone over seventeen hundred dollars—not more than one or two hundred dollars being as yet contributed from other counties. We have made a new and handsome track for trotting, half a mile long and thirty six feet wide—we graded. We have enclosed the grounds with an excellent fence. We are repairing our battered houses. We are distributing our premium lists far and wide. We have by the generosity of the Commissioners of the City, received title to a very valuable tract of land. In fact we are doing what is necessary to secure *complete success*.

We have news from all parts of the State that preparations are being made for ensuring in October a complete exhibition of the best productions of the State. We will also have on hand samples of the best productions of other States, especially in the Department of Agricultural Machinery.

We beg you and all other enlightened citizens of North Carolina to help us—by your counsel and sympathy beforehand—by your personal presence and material aid during Fair week. When the Society shall enter on a new and vigorous life, imposing activity and prosperity throughout the State, *the Wake county officers* will with alacrity yield to citizens of other counties the honor *and labor* of guiding the future operations of an institution which is (or ought to be) dear to every North Carolina heart.

Tru'y yours,
KEMP P. BATTLE,
President N. C. Agricultural Society.

A LIVE MAN'S ESTATE ADMINISTERED UPON.—One of the New York papers gives the following account of an administration upon a man's estate before his decease:

"Twenty years ago a man living in this city made a deposit of money in a savings bank here. He then went away. For fifteen years he was not heard from. About five years ago another man applied to the surrogate for letters of administration upon the estate of the man who had deposited the money in the bank. He represented that the depositor was dead, and he was appointed administrator upon the depositor's estate. He then went to the bank and demanded the money. Although he did not present the bank book which is furnished to depositors, the officers were satisfied that all was right, and paid over the money to him. The absent depositor returned to New York. He went to the bank, showed his bank book to the officers, and asked for his money. The compound interest has made the amount about twenty-six hundred dollars.

"The officers recognized the man as the one who had placed the money in their keeping, and admitted the authenticity of his bank book, and that, if it had not been for the administration upon his property, he would be entitled to his money. They informed him that they paid it to his administrator and referred him to that person, whose name he had never before even heard, for the missing sum. The letter wrote upon his bank book, 'We refer you to your own administrator.' The depositor has thus far been unable to find the man who took his money. It is understood that he has commenced proceedings against the bank. The case will raise some novel and very interesting questions of law. It would seem that there is little difficulty in New York in taking out letters of administration upon the estates of living persons, judging from the facts in this case."

EXCURSIONS.—Mr. Cook, an enterprising Englishman, has given his attention to this matter very successfully. He maps out a set of excursions to various points, arranged with a view of letting one see everything of interest with as little bother as possible. His plan is this: He furnishes tickets singly or to parties, which are good for all points named in them, including railway, steamboat, hotel and necessary expenses. The excursionist has only to select his route and purchase his ticket, tearing off as he goes the railroad, hotel and omnibus coupons, thus avoiding the constant putting of the hand in the pocket and making change at every turn. Cook's plan extends all over Europe and to the Suez Canal even. It is found to work well and gives universal satisfaction, and is found to be much cheaper than the present system. Here then is a fine field for some enterprising individual to try his fortune in and prepare the way for reducing the annoyances of travel.

A letter from a correspondent of the Richmond (Va.) *Whig*, at Oakley, Mecklenburg county, says it is estimated that over five hundred colored men in that county who voted for Wells have cut loose from radicalism and joined the Walker party.

A petition is in circulation in Boston for the pardon of D. S. Curtis, one of the directors of the Merchants' Insurance Office, who was sentenced to jail two months for pulling a man's nose.

BOUTWELL AND WOOD.

[Courier-Journal.]

Mr. Boutwell thinks or finds it convenient to pretend to think that his character is so exalted that he has no need of defending himself from any charges that are made against him. We have often had occasion to observe, however, that men's silence under specific and damaging accusations is quite as often attributable to inability to defend themselves, or, in other words, as often attributable to guilt as to a consciousness of innocence and to a conviction of being above suspicion. Some men are above suspicion, but Boutwell is certainly not of their number. Few believe that either his political or his personal integrity is proof against the bad influence of his thirst for power or the promptings of his revenge.

Mr. Boutwell recently had in his employ as chief of the Treasury detectives a man named Wm. P. Wood. The position held by Wood was of course one of grave responsibility. His being in the place of chief detective, a place to which he was appointed by Boutwell himself, showed that he was the very officer whose evidence Boutwell was willing to take and was habitually taking as conclusive on accusations of Treasury frauds against other people. He was the very person whom Boutwell chose out from among all other men as his regular and official witness. Wood, a short time ago, was dismissed by Boutwell from his place, but upon no charge of false testimony in regard to any man or any subject. He was dismissed upon no charge which, if sustained, would show him to be a witness unworthy of reliance. He was undoubtedly dismissed for the simple reason that Boutwell believed that he could employ as chief of his corps of detectives a man who would better serve his political or personal ends.

Wood, since his discharge, has made three formal and direct charges against Boutwell. He makes them upon the alleged ground of his own personal knowledge. They are, first, having offered ten thousand dollars as a bribe for evidence against President Johnson on the impeachment trial; second, winking at outrageous frauds on the Treasury in the shape of counterfeiting and corrupt bargains; and, third, removing a Treasury officer for too faithfully doing his duty in exposing, to the shame of the administration, that notorious black rogue who was forced upon the city of Macon as postmaster, and whom the administration itself was subsequently compelled to remove when a judicial exposition of his criminality rendered his longer retention in office an impossibility.

We do not assume that these charges against Boutwell are certainly true, but there are very few unprejudiced persons who will assume that they are certainly false. None have a right to assume this and to expect their assumption to be adopted and sustained by others. The charges emanate from a man, whom, as we have said, Secretary Boutwell selected as the particular one upon whom he would choose to rely in receiving charges against all his subordinates in the Treasury Department, and it has not been alleged by Boutwell or anybody else that Wood, whilst holding his office as chief of detectives, did anything calculated to destroy or impair his character for veracity. Thus the witness against Boutwell on the subject of the three damaging and damning charges named is Boutwell's chosen witness, his own standing witness, and especial witness upon the strength of whose representations he has no doubt acted in the cases of many of his subordinates. Under such circumstances he cannot well afford to be silent, and, if he persist in his silence, the only reason will be that he is aware that he cannot afford to speak. A very extensive opinion in regard to him is that he is as ready to perpetrate scandalous misdeeds as he is to charge others with their perpetration. He is unscrupulous and malignant.

A COLORED WOMAN CLAIMS TO BE THE LEGAL WIFE OF A DECEASED CITIZEN AND DEMANDS HIS PROPERTY.—Not long ago, a citizen of Richmond, of high respectability, died. No one here ever heard of his being married, and, dying intestate, his property reverted to his relatives. On Friday, however, a Philadelphia lawyer made his appearance in this city and created a sensation in legal circles by exhibiting what purported to be a certificate of the marriage of the deceased to a colored woman, formerly of Richmond, but for a years a resident of Philadelphia. This woman has grown children nearly white, of whom it is claimed the deceased was the father. The marriage between the parties, it is averred, was solemnized some time last year. The relatives and friends of the deceased deny that any such marriage ever took place, and as the woman is bold in the assertion of her claims as widow of the deceased, and the children that the alleged marriage made them legitimate, a suit will doubtless follow in the United States Court, where the details of this novel and sensational case, even to the minutes particular, will be fully ventilated.—*Rich. Whig.*

The Richmond *Journal* gives the name of the deceased gentleman as Wm. O. George, a very old and wealthy citizen, and the woman was known in Philadelphia as Mrs. Jackson.

The "Orgue Expressif" is the name of a charming little instrument which has been exciting a good deal of interest in both France and England for some time past.—It is half piano half, organ; small enough to be dragged into any corner where one's caprice would put it, and large enough to look, as the sewing machine people say, "like a handsome piece of furniture." There is a weird sweetness and plaintiveness in its tones that reminds one of the "Zither," as played in the Tyrolean and Bavarian high lands, and we think even a prosaic musician would be beguiled into improvising quaint, dreamy melodies before he had made its acquaintance ten minutes. There is but one drawback to its use, and that is that it has to be worked with the feet. Any musician would find it difficult to render simple airs like "Confidence" or "Heimweh," which depends entirely upon expression and tendernes for their beauty, while his attention was concentrated upon a couple of vicious pedals that wheeze and gasp at every turn, and often refuse to supply the necessary breath. No doubt many improvements will be made in time, and an additional source of pleasure put within the reach of people of moderate means, who cannot afford to buy more expensive instruments.

In the will of John Warner Grigg, who died in New York on Tuesday last, admitted to probate in Philadelphia last week, the following bequests are contained: To the contributors of the Pennsylvania Hospital, $50,000; Charity Hospital of the city of Philadelphia, $10,000; Forest Home Association, $5,000; Northern Home for Friendless Children, $5,000; Merchants' Funds Society, $10,000; House of the Good Shepherd, $10,000; First Troop of Philadelphia City Cavalry, $10,000; Union Benevolent Society, $5,000; Northern, Central, Western, Kensington, Spring Garden, Moyamensing and Southwark Soup Societies, $1,000 each.

The Imperial family of China decline to receive the Duke of Edinburgh on "a footing of equality."

YARBOROUGH HOUSE,
RALEIGH, N. C.
OFFICE NO. 13, FIRST FLOOR.

Entered according to act of Congress in the year 1867, by MORRIS BERNHARDT, in the Clerk's Office of the District Court of the United States, for the Middle District of Alabama.

MORRIS BERNHARDT,

OPTICIAN,
OF BERLIN, PRUSSIA.
Recently of New York, offers those who are suffering from weak and defective sight, his

AND

GLASS SPECTACLES,
Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of
A CONCAVE CONVEX ELLIPSIS,
Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by
MORRIS BERNHARDT,
SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:
1. They can be worn with *perfect ease* for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.
2. How to select Glasses. It requires professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but careful ly examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.
3. When the eyes ache or pain through the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.
4. These spectacles are scientifically adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.
5. After several years of public practice, adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.
6 M. Bernhardt, to signalize himself from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.

Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union.

Raleigh, Aug 24, 1869.
I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.
CHAS. E JOHNSON, M D.

Raleigh, N. C., Aug. 24, 1869.
I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhardt are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.
WM. G. HILL, M. D.

Raleigh, N. C., Aug 24, 1869.
I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.
Very respectfully
F. J HAYWOOD, M. D.

Raleigh, Aug. 24, 1869
Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.
W. H. McKEE, M. D.

Raleigh, Aug 23, 1869
After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.
R. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

Raleigh, Aug 23, 1869.
Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.
DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

Raleigh, Aug. 26, 1869.
It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.
J M. ATKINSON,
Pastor of the Presbyterian Church.

State of North Carolina,
EXECUTIVE DEPARTMENT,
Raleigh, March 2d, 1868.
I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.
JONATHAN WORTH,
Governor of North Carolina.

State of South Carolina,
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1868.
Sir: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.
Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,
Very respectfully yours,
JAMES L. ORR,
Governor of South Carolina.
Prof. MORRIS BERNHARDT, Charleston, S. C.

Wilmington, March 31, 1868.
I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them, and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.
THOMAS ATKINSON,
Bishop of North Carolina.

Nashville, April 27, 1867.
The difference between Dr. Bernhardt and most Opticians is, according to my observation, that while they pretend to more than they know, he knows more of his business than he professes.
W. K. BOWLING, M. D.

Testimonials similar to the above may be seen at Dr. Bernhardt's office, from the most reliable and well-known gentlemen of the United States, among whom are:
HORATIO SEYMOUR, Governor of New York,
OFFICE HOURS FROM 9 A. M. TO 6 P.M.

CONSULTATION FREE,
YARBOROUGH HOUSE.

N. B.—Owing to engagements elsewhere, Dr. Bernhardt will be able to remain here only a short time.

I EMPLOY NO PEDLARS.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its compositions. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.
They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.
Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—
For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to effect a thorough discharge of the vitiated humors they occasion, and correct or remove the obstructions which cause it.
For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.
For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.
For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.
As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, to which the system will generally assent, but the following are more appropriate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is

THE weather at Raleigh, N. C., as indicated by the Thermometer at the office of the North Carolina Land Company, Tucker Hall, Tuesday, August 31th:

9 A. M., 76. 3 P. M., 80.
12 M., 78.

We call the attention of those needing articles in the hardware or house furnishing line, to the card and advertisement of Mr. J. Brown with Heart & Lewis, 44 Fayetteville.

WATER FOR THE CITY.—A gentleman informs us that, according to a survey made some years ago, water can be supplied to the city in an abundance beyond any need likely to arise for the next century, from Beaver Dam Creek, some two or three miles west of Raleigh, the bed of which, at a point that might be selected, lies some feet higher than the highest point in the city. If such be the case, the cost of the machinery and aqueduct necessary to bring water into the city would be greatly reduced, and consequently increase the probable profit of investment in stock for the purpose.—We would respectfully urge upon the citizens of Raleigh the necessity of taking some step to procure a sufficient supply of water. There are many valuable buildings going up, and much valuable property which needs the protection which an abundant supply of water would afford, to say nothing of a supply needed for ordinary uses.

THAT TOBACCO SEIZURE.—Mr. Young, Revenue Collector of this district, informs us that the seizure of two boxes of tobacco belonging to Mr. Mebegan, alluded to by us yesterday, was taken in accordance with plain provisions of the revenue law and instructions from the revenue department issued thereunder. That it was seized under precisely the same circumstances of a quantity that was sold under confiscation at the Court House a short time since, but it was released under the charitable presumption that the declarations of Mr Mebegan in regard to it were correct As the paragraph we published was based on information we received from Mr. Mebegan, who, it seems, has not thoroughly posted himself in the revenue law, we give this explanation that the facts on both sides may be seen.

MUSIC.—The poet says, music hath powers to soothe the savage breast; and we are certain it is very pleasing to civilized tympanums. We don't have half enough of it in this country. It ought to be part of our common school system of education; practised for instruction and pastime in families, and form a more prominent feature in social gatherings. The study and practice of music ought to receive more encouragement from the public.

For the purpose of awakening an interest on the subject of music, we make the following suggestion and ask the papers of the State to assist in bringing it before the amateur and professional musicians in their respective localities. The proposition is this: That during the State Fair in Raleigh in October, there be a Musical Fair, also, held in the city. That performers on various instruments compete for prizes—the money for the prizes to be raised in part by entrance fees paid by contestants, and in part by proceeds of concerts given by the contestants during the Fair week. The trials of skill to be made at these concerts, and the merits of performers decided by a Committee appointed for the purpose, to be present on these occasions.

If such a scheme could be inaugurated, we think it would add to the interest of the Fair, and be productive of good otherwise. We have talked with some musicians, who think the plan feasible. We would be glad to have suggestions on the subject.

PREPARING TO TURN.—Monday morning, the *Standard* had a short paragraph of complaint against the administration at Washington for neglect of duty. Tuesday morning it had another and longer complaint—hits the President a lick and then taps smartly the cocoa-nuts of the "fishing, yachting, dancing, flirting, traveling and *tallapoosing*" Cabinet, all down the line. Is such a President and such a Cabinet worthy the reverence, veneration and respect of a great nation?—worthy the support and loyalty of a staunch "people's" paper, like the *Standard*? We think not. Now, the President and Cabinet ought to be cautioned against the danger it is incurring. The *Standard* has already taken a firm stand in favor of amnesty, removal of disabilities and the abrogation of the test-oath, all of which the President and Cabinet have not done. Danger of a split there. The President and Cabinet neglect public business and go "tallapoosing" over the country! The *Standard* won't stand that. Look out, Mr. Grant.

The *Standard* in last Saturday's issue in referring to the annual meeting of the Stockholders of the Eastern Division of the Western North Carolina Railroad Company, with an air of triumph, calls attention to the fact that Ex-Gov. Vance and Judge Merrimon were excluded from the new Board of Directors, and it attributes this gratifying result to the action of Gov. Holden.—We have no doubt the Governor did all he could to accomplish that end, and that the whole *programme* for the election of the Board of Directors was *pre-arranged* and with a view to the exclusion of Vance and Merrimon from the Board. These gentlemen were *in the way* of Radical frauds and peculation and hence their exclusion.—If rumor be correct even the *Standard* would blush to tell *the means* by which the Governor and other interested parties brought about a result so desirable to them. We take it Messrs. Vance and Merrimon were not excluded on *political* grounds, for in their stead, two or three *straight out, bloody*, original secessionists were elected.—But, perhaps, these gentlemen have gone to the Radicals. We would not be surprised if they had. The recruits to the Radicals are all from the bloody secessionists.

We have been learning of late of some strange things about the Western North Carolina Railroad Company, and its management, and we propose to ventillate that concern for the people's benefit. We would be glad to get a full and accurate account of the proceedings of the meeting of stockholders last Thursday, and such other information as the public ought to have. Will some one who attended the meeting favor us with the desired account?

What has been done with the appropriation of $80,000 to build a branch road of the Western North Carolina Railroad from a point near Catawba Station, on that road, to the *lime beds* of Drs. Powell and Mott, the latter the President of the Road, and the former a new Director? If we are not mistaken, the late decision of the Supreme Court saves that sum of money to the State.

HAVE WE AN ATTORNEY GENERAL AMONG US.—"Our Beloved Governor" appoints his son-in-law, Lewis P. Olds, Esq., Attorney General of the State, a very snug place with a good salary, and every one would suppose that, from the nature of the office, from law, from precedent and from common sense, his services would be called into requisition when the occasion required it. But we see now, as it was in Coleman's Attorneyship, that while the Attorney General holds the place, reaps the honors, and *pockets the salary*; hundred and thousands of dollars are paid out for transient legal service and advice, which is the same in effect, as having *two* Attorney Generals—one to do the work and receive the pay; the other to do nothing and get his salary, and the honors to boot. Have we an Attorney General among us? It is very certain we have the *office* and pay the salary, but as to having a *bona fide* Attorney General, why, the facts present the question in such an uncertain light, that "the Court doubts."

FRIENDS OF TEMPERANCE.—Last night, Oak City Council of this flourishing young Order, held the first meeting in their new and elegantly arranged Hall, over the new store just finished by Mr. Holleman, at the corner of Fayetteville St. and Market Square. We learn that additions are constantly being made to the Friends, by which they are daily gaining strength and influence. Success to them.

WARREN COURT.—We learn that the criminal docket of Warren Superior Court closed on Saturday. Wm. G. King, (white) tried for forgery, was sentenced to two years in the Penitentiary. Four colored citizens were sent to the same place for eighteen months each on account of their love of pork. Our excellent District Attorney seems to have prosecuted very successfully, as there was only one acquittal out of a very heavy docket. The case that elicited the most interest was that of the five negroes, tried for burning John R. Boyd's carriage house for the purpose of burning his dwelling.

The civil docket, as usual in Warren, is short and was probably closed yesterday. The Bar was well represented.

"THE DEMOCRATIC PARTY DISAPPEARING."—This is the caption of an article in the *Standard* of Tuesday morning. So, the Editor has got another glimpse of his evil genius. Several times has that paper announced the demise of the Democracy, and as often preached its funeral. Now it stalks before the vision of the frightened organ again, like the ghost of Hamlet, moving off,—disappearing, yet tormidable and fear-inspiring. "The Democratic party is evidently on its last legs," says the *Standard*. Don't you wish you *could* believe it, neighbor?

ON ACCOUNT of the great number of wonderful CURES of *obstinate* and *inveterate* cases of SCROFULA, DYSPEPSIA, LIVER DISEASE, KIDNEY AFFECTIONS, GENERAL BAD HEALTH, &c., made by the *celebrated* "KOOKOO," it has won the *enviable reputation* of being the *best* and *most popular* medicine *ever discovered*. It is daily prescribed by physicians, and recommended by many thousands of our best citizens. For sale by Druggists and Merchants everywhere.

Ladies suffering from any disease peculiar to their sex, can be restored to health by using DR. LAWRENCE'S "WOMAN'S FRIEND." It purifies the secretions, and restores the system to a healthy condition.

CONSERVATIVE CONVENTION.—The citizens of the county are requested to meet in Charlotte on the 9th September, for the purpose of nominating a candidate to fill the vacancy in the State Senate caused by the death of Hon. J. W. Osborne.—*Char. Observer.*

Stanley Creek Postoffice, at Brevard Station has been opened, W. C. Withers Postmaster.

Woodlawn Postoffice, Gaston county has been discontinued.

A Branch Railroad from Lincolnton to Newton, on the W. N. C. Road, is talked of.

NORTH CAROLINA NEW COTTON.—We have noticed the chronicling of several "first bales" of new cotton, in the newspapers, and it is difficult to decide, so far as our State is concerned exactly, who is entitled to claim the first bale.

On Saturday morning we had an account of a bale picked and packed on the farm of Mr. Jeff Fisher, of this county, on Friday 27th of August, and sold in the city to Messrs. Upchurch & Dodd. This bale was shipped to Petersburg on Saturday morning.

Yesterday morning we noticed the arrival in Baltimore, on the 25th, of a bale of new North Carolina Cotton, consigned to Messrs Hawkins & Williamson.

The Petersburg *Index* of Saturday, says the train from Weldon on Friday, brought into Petersburg, *two* bales of new North Carolina Cotton—the first in that market—from the plantation of Gen. W. R. Cox, in Edgecombe County, of which Mr. John R. Greene is the manager. They were consigned to Messrs. A. Martin & Co., and Rowlett, Tannor & Co., respectively.

A bale of new Cotton was shipped from Raleigh, yesterday, (Monday) morning, for Petersburg, from the farm of Dr. W. R. Miller, of this county, which was picked and packed on Saturday last. This farm is under the control and management of two colored Superintendents, Lewis Lindsey and Riley Green.

As the newspapers say, "where all have done so well, it would be invidious to draw comparisons." We chronicle, with pleasure, these evidences of life, activity, and emulation among the farmers of our State—they are highly encouraging, as signs of more prosperous times.

STATE FAIR—ANOTHER ATTRACTION—GRAPES.—We are glad to learn that Col. Joseph S. Cannon, at the invitation of the President of the State Agricultutal Society, will read a paper on "Grape Growing" during Fair week.

Col. Cannon is thoroughly versed in such subjects. He is co-proprietor and business manager of a large vineyard near Portsmouth, Va., and another near Wilmington, North Carolina.

Our people are much interested in the development of the grape culture, and the manufacture of wine, and will no doubt be vastly benefitted by listening to the counsel of Col. Cannon on such subjects.

ANOTHER CANDIDATE.—We understand that there will soon be opened in the City another candidate for public patronage in the Family Grocery line. Our young and enterprising friends, Gully and Bynum have secured the elegant and conveniently situated Store on the corner of Fayetteville Street and Market Square, and one of them is now North for the purpose of selecting a stock of goods. The public will hear from them in a week or two.

We had a nice shower yesterday afternoon, which cooled the atmosphere wonderfully, and made linen coats and pants a little unseasonable. There was considerable wind with the rain and we notice several large limbs, and in one or two instances entire trees, blown down about the city.

TO TELL A GENUINE $10 BILL.—Somebody says the genuine ten dollar bill has the figure "10" in the eagle's eye, in the centre of the bill—the 0 forming the pupil of the eye, and the 1 in the shading close by. The counterfeit has not this mark.

Wilmington Items from the *Journal* of the 29th:

Wilmington continues remarkable healthy.

Scuppernong Grapes have appeared in Wilmington, and sell at $1,50 to $2,00 per bushel.

Sea Island Cotton of fair quality has been raised the present season at Federal Point Sound near Wilmington.

Wilson T. Morton, recently elected J. P. of Columbia Township, New Hanover Co., arraigned for larceny a few days ago, has been hauled up again for stealing three sheep and a cow from one man, and seven sheep and two cows from another. He was one of Gov. Holden's appointees prior to the election.

The store of Phifer and Hampton at Statesville, was broken into last week and robbed of several articles of merchandise and money. Jeff. Houston, colored, has been arrested and lodged in jail under suspicion of being the robber.

The Fall term of the Superior Court for Iredell county, opened yesterday, Judge Mitchell, presiding.

Charlotte is in want of good pine lumber for building purposes, and the *Observer* proposes to remedy the difficulty by building a railroad to Lancaster.

A little son of Mr. Harvey Sossoman got his arm broke, in Rowan county, last week, by being thrown from a horse.

The Salisbury *Examiner* comes out for national and state repudiation. We should not be surprised that, "to that complexion it must come at last." We don't believe, however, that North Carolina will ever repudiate any of her properly and constitutionally contracted debts, but she has been saddled with some debts in which her people; those who must pay them if they are ever paid; had no hand and to which they never gave their consent.

The Asheville *Pioneer* says there is a gang of horse thieves infesting Western North Carolina. One of them, who gave his name as Watson, stole two fine mules from Mr. Mills Higgins of McDowell County, last week, was traced to Greene County, Tenn., captured, and the mules recovered. The thief was lodged in jail.

The Fall term of Wayne county Superior Court opened yesterday.

The Robeson county Militia have disbanded, without effecting anything worth mention, and peace reigns again along her borders.

Rev. A. D. Cohen has resigned the pastorate of the Baptist Church in Newbern, to take effect on the first of January next.

Steps are about to be taken to organize a co-operative Store in Wilmington. These stores have met with success wherever they have been established.

Samuel Jones, colored, was committed for examination, in Wilmington, last Friday, on a charge of burning a barn on the place of N. N. Nixon.

Monday Midnight Dispatches.

WASHINGTON.

WASHINGTON, Aug. 30.—The London *Times* says, much anxiety is felt in French society there in regard to the health of the Emperor. The excitement on the Bourse is intense. The *Times* has no wish to lay any great stress on the Emperor's sickness, but hardly believes the rumors are the result of stock strategems.

Revenue to-day nearly one million.

Rowlins is working to-day.

The Navy Department has nothing relative to the mutiny and executions on the steamer Saline.

PENNSYLVANIA.

PHŒNIXVILLE, Aug. 30.—The boiler of the Phœnix Iron Company's works exploded to-day, killing twenty persons and hurting many others.

FOREIGN.

PARIS, Aug 30.—The official report of the Emperor's condition grows more satisfactory.

LONDON, Aug. 30.—The *Times*, to-day, in its report of the Manchester cotton trade, says, it is admitted that the returns of the sales of cotton at Liverpool were falsified every day last week. The figures really amounted to but little more than one half those given to the public, and as the result, there is something like a panic at Manchester, and for the present all confidence is lost in the truth of the returns from Liverpool. There is no disposition to do business either on the part of sellers or buyers.

FROM NEWBERN.

NEWBERN, Aug. 30.—First bale new cotton sold here to-day to Walker, Jones & Co. at 35 cents, and shipped to March, Price & Co., New York.

[Wake County beat you, neighbor; she had a bale in market last Friday, and another yesterday.—*Ed. Sentinel.*]

Special Notices.

Pretty Women. Comparatively few Ladies monopolize the Beauty as well as the attention of Society. This ought not to be so, but it is; and will be while men are foolish and single out pretty faces for companions.

This can all be changed by using Hagan's Magnolia Balm, which gives the Bloom of Youth and a refined sparkling Beauty to the Complexion, pleasing powerful and natural.

No lady need complain of a red, tanned, freckled or rustic Complexion who will invest seventy-five cents in Hagan's Magnolia Balm. Its effects are truly wonderful. To Preserve and Dress the Hair use Lyon's Kathairon. aug. 28. 1m

OF HARTFORD.

JULY 1ST, 1869.

Amount of Assets $12,000,000.00.

DIVISIBLE SURPLUS $2,675,999.48,

AND CONSTANTLY INCREASING.

ALL THE SURPLUS OF THE COMPANY DIVIDED AMONG THE ASSURED.

DIVIDENDS DECLARED AND PAID ANNUALLY ON THE CONTRIBUTION PLAN.

ALL POLICIES (AFTER TWO FULL PAYMENTS) NON-FORFEITABLE, AND SO EXPRESSED ON EACH POLICY.

No Restrictions as to Residence and Travel in the United States.

RATES LOWER THAN ANY OTHER COMPANY THAT PAYS DIVIDENDS TO POLICY-HOLDERS.

IT ISSUES ALL THE VARIOUS FORMS OF LIFE AND ENDOWMENT POLICIES.

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

" 22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER	$16,54
EQUITABLE	17,44
NORTH AMERICA	21,16
BROOKLYN	21,09
UNIVERSAL	27,24
JOHN HANCOCK	18,27
THE NATIONAL	63,48
THE ÆTNA	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, save one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."

The Daily Sentinel.

The London *Daily News* is responsible for the following story. It is, at all events, well told:

"Many strange stories are told of the wealth accumulated by blind beggars, and Paris seems to be their paradise. It is a thriving trade, this blindness, and two pretty stories have just now turned up together. One is of a pretended blind man, who has found out a new method of picking pockets. He walks the streets with the sad, upturned visage of a blind man till he comes to a crowded crossing, where he gives every token of being afraid to cross. He appeals to the passengers to take pity on him and help him in his difficulty. Some charitable creature takes his arm and leads him across. He is thanked by the poor blind man; he goes on his way, feeling that he has done a kind deed; and the next time he puts his hand into his pocket for his watch he finds that it is gone.

"The other story is of a really blind man who is always to be found ensconced in a gateway on the Boulevard Sebastopol nearly opposite the Square des Arts-et-Metiers. A certain Parisian often passed that way, and was in the habit of giving him a penny—a two sou piece; but the other day, by mistake, he dropped into the poor fellow's hat a double louis—forty francs. Some time afterwards he discovered his mistake, and off he ran to the Boulevard Sebastopol to get back his money. No beggar was there, but in his place a cripple. 'Where is the blind man?' said the benevolent man. 'Do you mean Monsieur Benjamin?' replied the cripple. 'He has just gone—he has gone to his house to breakfast.' 'Is it far?' 'Only a couple of steps in the Rue de Petit Carreau.' Away went the inquirer to the address indicated, which he soon found. 'Monsieur Benjamin here?' he says to the concierge. 'All right; second floor; door to the right,' was the answer.

"He mounted the stairs, rang at the door. A nicely-dressed servant came to open it. 'Monsieur Benjamin in?' 'Yes, sir.' Our friend is shown into an elegant ante-room, through which one could see into a dining room where there was a table admirably appointed with fine linen, crystal and silver. It seemed as if there must be an error; but there was little time to consider. The maid came quickly to say that Monsieur Benjamin would be glad to see his visitor, and at the same instant she opened the door of an apartment furnished in Turkish fashion, in which the blind man, smiling, was seen seated on a divan. 'You wished to speak to me?' he said. 'Yes, indeed, sir,' replied our friend, rather embarrassed; 'I am very sorry to trouble you; but the fact is—I believe—I rather think—that in passing along the Boulevard Sebastopol this morning I gave you, by mistake, two louis for two sous.' The blind man said, with the utmost coolness, 'That is quite possible. I have not looked at the cash yet; and if there is a mistake, nothing is easier than to rectify it.' He rang a bell, which was answered by the maid. 'Ask Mr. Ernest,' he said, 'if in the receipts of this morning he has found a piece of forty francs.' The piece was there. The maid fetched it, and, at the bidding of her master, presented it on a tray of Chinese lac to his visitor. The visitor pounced upon his coin, and without more ado proceeded to take leave. 'Pardon, sir,' said the blind man, 'you forgot something. There are two sous to return to me.'"

A SIMPLE CALCULATION.—The following request for information was recently submitted to the financial editor of the Philadelphia *Ledger*:

Will you please inform me a ready means of determining the discount of a currency dollar in gold when the latter is reported at a "premium" of 32 per cent.; and also of ascertaining the coin value of our Government bonds when quoted at 121 in currency, that currency selling at 132 for 41 in coin?

The reply of the *Ledger* is annexed:

The process is exceedingly simple.—First, put down 100, to which place two cyphers to the right, which makes the sum read ten thousand. Into this divide 132, and the quotient will be the coin value of the paper, and if this quotient is subtracted from 100, the difference is the discount of the paper. Second, divide 132 into 121, first placing as before two cyphers to the right of the latter, the quotient will be about 91¼, and is the coin value of the bonds. All this may be accomplished in a tenth of the time and space occupied in stating it.

UNIVERSITY LECTURES.
UNIVERSITY OF NORTH CAROLINA

The University Lectures will be as follows:

I. Ordinary lectures in the Class room.

II. In addition to the regular course of studies in the Normal Department, which has been adapted to the wants of teachers for the State Public Schools, special daily lectures will be delivered, during the month of September, by the President and Professors, upon the following subjects: Theory and Practice of Teaching, Ethics, Physiology, Philology, Natural History, Astronomy, Constitution of the State and of the United States.

These lectures will be open to the Trustees and Alumni, and to all the students in the institution.

III. Later in the season free lectures will be delivered in the halls of the College, by gentlemen of distinction and ability.

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth. To say nothing of those humors that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in roughness of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are all cured with scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or some other vital organ. The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

LIVER INVIGORATOR!

STANDS UNRIVALLED.

BEING THE ONLY KNOWN MEDICINE that efficiently *stimulates* and CORRECTS the Agents, *secretions* and functional DERANGEMENTS of the LIVER, without debilitating the system. While it acts FREELY upon the Liver instead of CURIOUS PURGING, it gradually changes the discharges to a PERFECTLY NATURAL STATE.

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the cure of diseases of the KIDNEYS and BLADDER. In these affections it is so near A SPECIFIC as any remedy can be. It does its work KINDLY, SLOWLY, and SURELY. The RELIEF which it affords is both CERTAIN and PERCEPTIBLE.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the IMPORTANCE of their healthy action.

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding, with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the urine being imperfectly secreted in kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

MEETS WITH GREAT SUCCESS IN THE CURE OF

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, [mental and physical] are causing diseases of the nervous system to increase at a fearful ratio

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes a one or less severe pain or headache; Periodical headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during sleep; Bad Dreams; Hesitation in answering questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

CONCLUSION.

Suffering reader, do not think that because you have tried other remedies, you cannot be cured, but recollect that God, in His Providence, has not afflicted His children with pain and disease, without at the same time giving them something in the Great Garden of Nature that will cure them.

Have no hesitation in writing to me, and stating your case in full, and I will answer you promptly.

Keep it before the people, that I told the people six months ago, that I intended to run through my campaign with my motto to give each and every individual value received, for their valuable support giving the Ladies a fine opportunity to exercise there inalienable rights, as well as the gentlemen, and since that time thousands have shown their good judgment by coming and demonstrating the truth of my assertion. I tell you Creech's is the place. And permit me to return my sincere thanks for your very liberal and valuable patronage for the last twenty-five years. I hope by strict attention to business and honest dealing, giving each and every one the worth of their money, that I will continue to receive a liberal share of your patronage. The rest of my talking I shall do at my place of business, which is Creech's Corner Fayetteville Street Raleigh.
